

Madbury Public Library Construction Update

August 12, 2019

Thank you to all who continue to support the Capital Campaign for our new Library. Many of us enjoyed a fun evening of theater and refreshments at the Hackmatack event last week and we raised \$900.

I am happy to report that construction on our new Library is moving ahead and on schedule for completion by late fall. It has been exciting to watch as the roof is completed and to see the large front windows being installed. Inside, the interior framing is taking shape and we can begin to appreciate how spacious the individual areas will be.

There is still time to add your name to the plaque and/or book of donors and help us reach and exceed our goal. Donations to the Friends of Madbury Library are tax deductible. For more information or to speak with a Campaign volunteer contact: mplsteeringcommittee@gmail.com
